Bachelor of Science in Mathematics

Notes:

1. This sequence is a SAMPLE. Actual sequences will vary.
2. Courses in **red** are courses in all majors in mathematics. Courses in **green** are required for all degree plans. Courses in **purple** may be replaced with a foreign language or study abroad for global emphasis. Courses in **blue** are required for 7-12 Certification.
3. Students not beginning in Calculus 1 will need to adjust their schedules so that they complete Calculus 2 and Linear Algebra by the end of their third semester.
4. If rotation permits, Math 3430 and Math 3325 should be taken during the second year.
5. It is imperative that Math 3320 be taken by fourth semester. The degree will require four semesters after this course.
6. Math 4310, 4320, and 4385 rotate. The first course taken in the sequence may vary. For secondary education students and students applying to graduate school, these courses should be completed by the end of the seventh semester.
7. Math 3314 and 3341 rotate.
8. Math 3315 is offered every other spring and may need to be taken earlier.
9. Math 4293 should be taken during the last semester of classes and should be taken after Math 4310, 4320, and 4385 if possible.
10. Elective courses may be replaced by a foreign language or study abroad experience.
11. All students must complete 120 total hours.
12. All students must complete at least 36 upper level hours.
13. All students must complete 4 semesters of Chapel (UMHB 1002).
14. All students must complete a Fine Arts Experience (UMHB 1005) for each semester in attendance.
